Hello all,

BEAD's PCTn memo for aldicarb's new use in orange and grapefruit in Florida and Texas is attached and [linked here](#). Once again, the team appreciates your review and looks forward to discussing on Tuesday. RD folks, please let me know if you can't access the linked memo – you should be able to, but I'm aware that Sharepoint sharing settings can occasionally be screwy.

Thanks!

Jeana

BEAD will share its most updated PCTn memo by COB, Thursday 12/17. TJ and Jonathan are our BEAD reviewers.

Many of us are on leave or busy at this time, but I think that a representative from either division and each BEAD branch can attend.
